

Conclusion

For all of the above reasons, Applicants submit that the claims are now in proper form, and that the claims all define patentably over the prior art. Therefore they submit that this application is now in condition for allowance, which action they respectfully solicit.

Conditional Request for Constructive Assistance

Applicants have amended claims of this application so that they are proper, definite and define novel structure, which is also unobvious. If for any reason this application is not believed to be in full condition for allowance, applicants respectively request the constructive assistance and suggestions of the Examiner pursuant to M.P.E.P. paragraph 2173.02 and paragraph 707.07(j) in order that the undersigned can place this application in allowable condition as soon as possible and without need of further proceedings.
